Greetings from the President of the Niagara Frontier Federation of Stamp Clubs

Welcome — Members and Friends — to the 12th Annual Stamp Exhibition. We are happy to have you as our Guests.

Our Host, the Rochester Philatelic Association has worked hard to make this a fine show. My sincere Thanks to all the Committee members and to those who may have had even a small part in creating this memorable Show. We could not do without those "Behind the Scenes".

To those attending a Philatelic Exhibition for the first time, a special Greeting. May you discover what a fine, clean and interesting Hobby this is, and become one of us. Ask questions of any of the members or Committee, about Stamps or the very wonderful Exhibits, and you will gain knowledge and pleasure.

To our members, may you carry away with you the assurance of my gratitude, for your willing help, co-operation and loyal support.

Mrs. Dorothy Fordham
President N.F.F.S.C.

71 different magnifiers to

serve every philatelic need

A philatelist makes so much use of magnifiers that only the best is good enough. The best is easily recognized by that assurance of optical quality—the famous Bausch & Lomb triangle trade mark. More than 75% of the magnifiers in use in the United States bear this hallmark.

The Bausch & Lomb magnifier line is also the most complete. A free booklet will bring you detailed infor-

mation and prices. Request Catalog I-103. Bausch & Lomb Incorporated, Rochester 2, New York.
